

# DID YOU LIKE LONDON ?

MARK

SHARON

M: When did you go to london?

S: Last month

M: How long did you stay there?

S: For a week

M: Did you go with your family?

S: Yes, I did

M: What did you see?

S: The Tower Bridge and the Tower of London.  
The Tower Bridge is beautiful: it's a bridge for traffic and pedestrians over the river Thames. It's over 100 years old. The bridge opens when big ships go along the river.

M: And the Tower of London? Is it interesting?

S: Yes, it is. It is famous as a place of imprisonment and executions, it was also used as a royal residence, and it still serves as safe deposit box for the crown jewels. The crown jewels are perhaps the major reason so many visitors visit the Tower. There are crowns full of diamonds, rubies, pearls and emeralds.

M: So, did you like London?

S: Yes, it is beautiful.

M: And the food?

S: No, I didn't like it, I always ate hamburgers and chips.
